## Charger Accessories

GNB Industrial Power

**3850170**

IDB battery identification 24 V.

**3850171**

IDB battery identification 48-80 V.

**3850172**

IDB circuit board for MTM charger.

**Charger/battery/truck connectors.**

Type: DIN, Rema, Euro.

Call for more info.

**3924908-502** SMP 120/10 (service charger).

**3902041-000** Chargerrack LSG (floor).

**3802480** Chargerrack LSV (wall).

**Exide Technologies**, with operations in more than 80 countries, is one of the world's largest producers and recyclers of lead-acid batteries. Exide Technologies provides a comprehensive and customized range of stored electrical energy solutions. Based on over 100 years of experience in the development of innovative technologies, Exide Technologies is an esteemed partner of OEMs and serves the spare parts market for industrial and transportation applications.

**GNB Industrial Power** – A division of Exide Technologies – offers an extensive range of storage products and services, including solutions for telecommunications systems, railway applications, mining, photovoltaic (solar energy), uninterruptible power supply (UPS), electrical power generation and distribution, fork lifts and electric vehicles.

**Exide Technologies** takes pride in its commitment to a better environment. Its Total Battery Management programme, (an integrated approach to manufacturing, distributing and recycling of lead-acid batteries), has been developed to ensure a safe and responsible life cycle for all of its products.
