

## Batteries for Trucks, Buses, Construction, Agriculture

## A black Exide PowerPro AGRI &amp; CONSTRUCTION battery. The label features the Exide logo, 'PowerPRO' in large blue letters, and 'AGRI &amp; CONSTRUCTION' in orange. It also displays 'EJ 050C', '50Ah', and '100Ah' ratings, along with a QR code and icons for various applications like lawnmowers, generators, and power tools.

**Polarity**

The top diagram shows the battery pack with a '+' sign on the left and a '-' sign on the right, indicating the positive and negative terminals. The pack is rectangular with rounded corners and features two large, elongated internal cells. The terminals are located on the top and bottom edges, with the positive terminal on the left and the negative terminal on the right.

**Terminal Type**

The bottom diagram shows two types of terminals: Positive Terminal and Negative Terminal. The Positive Terminal has a diameter of  $\varnothing 17.5$  and a height of 17. The Negative Terminal has a diameter of  $\varnothing 15.9$  and a height of 17. Both terminals are labeled with their respective dimensions and a height of 17.
