A diagram of a 4-pin connector, likely for a battery or power source. It features a central rectangular area with two horizontal slots, each containing a small diamond shape. The central area is flanked by two vertical bars. The entire assembly is enclosed in a rounded rectangular frame. There are four circular terminals on the outer frame: two on the left and two on the right. Each terminal contains a cross symbol. A large '+' sign is positioned to the left of the connector, and a '-' sign is positioned to the right.
