## Industrial Batteries

### The powerful range of Network Power

GNB® Industrial Power offers reliable energy storage solutions for critical systems requiring uninterrupted power supply. With a comprehensive product range based on state-of-the-art technologies, GNB delivers the right battery for every application.

The below table is only indicative and depends on the specific customer application. For more information please ask a GNB sales representative.

Applications	Battery ranges																				
	Sonnenschein							Marathon		Sprinter		Absolyte	Powerfit	Classic

### Powerful product brands

> VRLA batteries (Valve Regulated Lead Acid) in which the electrolyte is fixed in an Absorbent Glass Mat (AGM)

- > Excellent high current capability
- > Very economical
- > Maintenance-free (no topping up)

- > VRLA batteries (Valve Regulated Lead Acid) in which the electrolyte is fixed in a gel (dryfit® technology)
- > Inventor of Gel technology
- > Highest reliability, even in non-optimal conditions
- > Particularly suitable for cyclic applications
- > Maintenance-free (no topping up)

- > Conventional lead-acid batteries with liquid electrolyte
- > Extreme reliability, proven over decades
- > Low maintenance

## Sprinter P/XP

### Maximized power density for highest requirements

The extremely powerful, compact AGM batteries of the Sprinter P and Sprinter XP series are an ideal energy source for uninterrupted power supply and are particularly good in UPS applications and other security systems. GNB's experience and innovation with VRLA technology makes Sprinter batteries the preferred choice for high rate emergency battery backup.

#### Your benefits:

- > **Excellent high current performance** – optimised for short discharge time
- > **Low self discharge rate** – extended storage capability
- > **Very short recharge time** – high availability
- > **Optimal power density** – saves floor space
- > **Completely recyclable** – low CO<sub>2</sub> footprint

#### Specifications:

- > Maintenance-free (no topping up) during the whole service life
  - > High-Compression Absorbent Glass Mat (AGM) technology
  - > Power (10 minutes) from 791 – 4860 watt
  - > Design life: »10-12 Years – Long Life« according to EURO-BAT 2015 classification
  - > Available as standard or flame retardant version (UL 94-V0)
  - > Designed in accordance with IEC 60896-21/-22
  - > Approval: UL (Underwriter Laboratories)
- > Grid plates with superior lead calcium alloy for excellent corrosion resistance
  - > Very low gassing due to internal gas recombination (99% efficiency)
  - > No restrictions for rail, road, sea and air transportation (IATA, DGR clause A67) – trouble-free transportation of operational blocks
  - > Manufactured in Europe in our ISO 9001 certified production plants

10-12 years  
– Long Life

## Battery Service – Energy Solutions

Keeping your business on the move

### GNB® is the Expert

Who could do this job better than the professionals of a company with more than 100 years of experience in battery development, production and application?

Leave the responsibility for the maintenance of your batteries and chargers to the professionals: a GNB service contract provides you with exceptional economic advantages through time savings, cost savings and safety!

### Installation of Batteries and Systems for Network Power

- > Development of complete turnkey solutions from the design concept to installation and commissioning.
- > Installation according to legal and safety regulations including CE certification by approved installation technicians.
- > Training and certification of external installation technicians according to CE regulations.
