## Batteries for Marine and Leisure

## Start TN1100

| Part number                    | TN1100        | Polarity         |                  |
|--------------------------------|---------------|------------------|------------------|
| Technology                     | Flooded       | ᠿ∫ᢤ              |                  |
| EAN/GTIN                       | 3661024046053 | ° <b>́∩</b> ⊘    | 0 0 j            |
| Voltage                        | 12 V          |                  |                  |
| Capacity                       | 180.0 Ah      |                  |                  |
| CCA                            | 1000 A        | Terminal Type    |                  |
| MCA                            | 1100          |                  |                  |
| Length                         | 513 mm        | 17               | 11               |
| Width                          | 223 mm        |                  |                  |
| Height                         | 223 mm        | Ø19.5            | Ø179             |
| Box size                       | D05           |                  |                  |
| Polarity                       | ETN 3         |                  |                  |
| Terminal Type                  | EN taper post |                  |                  |
| Hold Down                      | В0            | PositiveTerminal | NegativeTerminal |
| Weights (subject of variation) | 42.80 kg      | Hold Down        |                  |
|                                |               |                  |                  |
