

MARINE BATTERIES

Megacycle® AGM, Edge AGM, Nautilus® Conventional Flooded Marine and RV

EXIDE EDGE® MARINE AGM BATTERIES

Experience the AGM Performance Difference

- › **Max strength** for deeper discharge capability and stronger cycling
- › **Rapid re-charge** designed for quick recovery
- › **Increased starting power** helps batteries perform like new longer
- › **Spill-proof*** AGM construction
- › **Maximum durability** for higher vibration resistance, decreased damage and corrosion
- › Maximized energy capacity from **SureLife® Graphite Technology****

Available in Starting and Dual Purpose

RECYCLE WITH EXIDE.

EXIDE TOTAL BATTERY MANAGEMENT (TBM)

Exide is one of the largest secondary lead recyclers in the world, and one of the few companies with the ability to provide Total Battery Management, helping to divert batteries from the waste stream by returning the recycled materials to new products. Our commitment to recycling and environmental responsibility is unwavering.

Made with some imported components
